MEMORANDUM FOR: Chief of Logistics

SUBJECT: Rehabilitation of the Warehouse [REDACTED] 25X1A6a

REFERENCE: a. Memorandum for the Record dated 12 June 1954 from DD/A "Items of Work Necessary of Accomplishment." [REDACTED] 25X1A6a

b. Memorandum to DD/A from Chief, Logistics dated 16 November 1954 "Warehouse -" [REDACTED] 25X1A6a

25X1A6a

1. Item 2 of paragraph 1., reference a., instructed the Office of Logistics to draw up the necessary plans and contracts for rehabilitation of approximately 50,000 square feet of the warehouse at [REDACTED] at a cost of \$30,000, which sum has been included in the FY 1955 budget of the Office of Training.

2. The rehabilitation of an additional 10,800 square feet (comprising six bays at the northwest end) has been given further serious consideration by this office and the Office of Training. The cost will amount to \$22,800, which sum has not been included in the FY 1955 budget of the Office of Training.

3. It now appears that it may be necessary in the not-too-distant future to stockpile emergency housing materials and rations in this area and the provision of an additional 10,800 square feet of stand-by warehouse space would be justified at this time.

4. It has, therefore, been determined that this additional storage space should be rehabilitated and your office will extend the authorization in paragraph 1., item 2., of reference a. to include this work. The provision of funds will be arranged through the Comptroller's Office and the Office of Training at a later date.
